7. What if I want to send money to someone whose bank doesn't offer Zelle®?

You can find a full list of participating banks and credit unions live with Zelle® [here](#).

If your recipient's bank isn't on the list, don't worry! The list of participating financial institutions is always growing, and your recipient can still use Zelle® by downloading the Zelle® app for Android and iOS.

To enroll with the Zelle® app, your recipient will enter their basic contact information, an email address and U.S. mobile number, and a Visa® or Mastercard® debit card with a U.S. based account (does not include U.S. territories). Zelle® does not accept debit cards associated with international deposit accounts or any credit cards.

8. How does Zelle® work?

When you enroll with Zelle® through our online banking Bill Pay account, or mobile banking app, your name, the name of your bank, and the email address or U.S. mobile number you enrolled is shared with Zelle® (no sensitive account details are shared – those stay with Ledyard National Bank.) When someone sends money to your enrolled email address or U.S. mobile number, Zelle® looks up the email address or mobile number in its “directory” and notifies Ledyard National Bank of the incoming payment. Ledyard National Bank then directs the payment into your bank account, all while keeping your sensitive account details private.

9. Can I use Zelle® internationally?

In order to use Zelle®, the sender and recipient's bank accounts must be based in the U.S.

10. Can I cancel a payment?

You can cancel a payment if the person you sent money to hasn't yet enrolled with Zelle®. To check whether the payment is still pending because the recipient hasn't yet enrolled, you can go to your activity page, choose the payment you want to cancel, and then select "Cancel This Payment."

If the person you sent money to has already enrolled with Zelle®, the money is sent directly to their bank account and cannot be canceled. This is why it's important to only send money to people you trust, and always ensure you've used the correct email address or U.S. mobile number when sending money.

If you sent money to the wrong person, we recommend contacting the recipient and requesting the money back. If you aren't able to get your money back, please call us toll-free at (888) 746-4562 so we can help you.

Scheduled and recurring payments are not sent with Zelle®. You can cancel a payment that is scheduled in advance if the money has not already been deducted from your account.

These transactions are potentially high risk (just like sending cash to a person you don't know is high risk).
